ADITYA PATEL

Frontend Developer | B.Tech AIML student | Co-founder, Pycrafters

Jabalpur, India | rajupatel8848@gmail.com

PROFILE

Frontend developer and B.Tech student specializing in Artificial Intelligence and Machine Learning. I enjoy turning ideas into interactive websites, experimenting with motion design and 3D on the web, and building digital experiences that combine creativity with technology. Alongside my studies I started Pycrafters with my team to build digital products and AI-powered automation solutions.

EXPERIENCE

Pycrafters — Co-founder

Team-driven venture exploring modern digital products, web development and intelligent automation.

- Design and frontend build of the company website (Next.js, JavaScript, animation).
- Working on AI automation for coaching institutes: WhatsApp enquiry flows and a management dashboard.

PROJECTS

Coaching Enquiry Chatbot — Next.js · Meta Cloud API

A WhatsApp bot that guides parents through an enquiry flow and captures leads for coaching institutes.

- Built the conversation flow and the backend, including webhook handling.

Tuition Management Dashboard — Next.js · MongoDB

A dashboard combining tuition management and AI automation for institutes.

- Frontend and backend build; one place to manage students and automation.

Pycrafters Website — Next.js · JavaScript

Company website covering AI automation, software and digital systems.

- Design and frontend build, with motion and a team page.

3D Portfolio Experiment — Three.js · CSS · JavaScript

Personal portfolio with a cinematic 3D hero, scroll-driven motion and custom interactions.

SKILLS

Frontend & UI	HTML, CSS, JavaScript, responsive design
React ecosystem	React, Next.js, Tailwind CSS
Animation & interaction	Motion / CSS animation, Three.js (learning)
APIs & automation	API integration, WhatsApp automation
AI & ML	Machine learning (learning), AI tooling (exploring)
Tools	Git & GitHub, VS Code

EDUCATION

B.Tech, Artificial Intelligence & Machine Learning — Pursuing

Gyan Ganga Institute of Technology

Class 12 — 88.4%

Spring Day Higher Secondary School, Jabalpur

Class 10 — 86%

Spring Day Higher Secondary School, Jabalpur
